## Part A: Pupil premium strategy plan

### Statement of intent

*At St Paulinus CE Primary School, it is our intention that all pupils, irrespective of their background or the challenges that they face, learn in an environment that allows their educational, emotional, spiritual and social development to flourish. We want all of our pupils to make good progress in these areas, including those who are already high attainers. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve this goal and realise their own unique gifts. As children of God we strive to ensure our pupils nurture their gifts, including those of knowledge, curiosity, resilience, respect, spirituality, creativity and love. "Having gifts that differ according to the grace given to us, let us use them" (Romans, 12:6), so that our school is a happy, caring place where everyone is valued, safe and able to learn and grow.*

*Our strategy takes into account an in-depth understanding of any academic and wider challenges that our disadvantaged pupils face, as well as their levels of attainment and academic progress. It also recognises challenges common between disadvantaged and non-disadvantaged pupils and aims to benefit both parties. We focus on effective implementation and robust diagnostic assessment of the activities outlined in this statement.*

*To ensure a sustained impact, our strategy is aligned with our Curriculum and Christian vision and existing practices. All of our outlined activities will be implemented and underpinned by an intent to develop our children's knowledge, creativity and curiosity so they have the ability to be critical thinkers, respect and love to ensure they are good communicators, build their capacity to be resilient and spiritual to prepare them for, and encourage them to be appreciative of, the diversity that they will experience in their lives.*

*Quality first teaching, targeted academic support and wider strategies form our tiered approach. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.*

*To ensure they are effective we will:*

- *ensure disadvantaged pupils are effectively adapted for*
- *act early to intervene when need is identified*

- *adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve*

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The Curriculum in some areas needs to be developed as pupil premium children in particular struggle to retain knowledge and skills and therefore to make links reducing chances of good or better progress. This is a particular focus in Reading and Writing.
2	Attendance and persistent absence for pupil premium children is a barrier to learning as this leads to gaps in their knowledge and skills meaning that their understanding is fragile.
3	Where pupil premium children have multiplicity of need, there are gaps in a range of areas which need closer targeting through small steps assessment and following up through targeted intervention.
4	There is a small number of pupil premium children in both KS1 and KS2 who either are not on track to be phonic ready or need to make accelerated progress to be ready for the end of their primary schooling. These pupils need targeted intervention support in order to reduce the barrier their Literacy skills and knowledge pose to their wider learning.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
In Reading and Writing pupil premium children are significantly more able to communicate their understanding and evidence / apply skills taught in the curriculum. They are able to evidence that they know and remember more, making links between learning to aid their cognitive load and have a firmer grasp of technical vocabulary.	Pupil premium children across the school significantly increase their achievement at both expected and greater depth in Reading and Writing.
Attendance and persistent absence for pupil premium children will have significantly improved leading to improved outcomes and	Persistent absence and attendance is better than national for all pupil premium children Pupil premium children are evidenced both through formative and summative

progress for pupil premium children in all year groups.	assessment to have reduced gaps in their knowledge and therefore are more secure in their understanding.
Reduction of gaps in key skills for pupil premium children targeted enabling access to full curriculum and reducing oracy barriers as well as cognitive overload.	Improved speech and language and social skills leading to improved mental health and wellbeing amongst the group and confidence evidenced through pupil voice and review.
There is improved support for pupil premium children both in phonics and wider reading through better targeted and more responsive interventions.	Increased percentage of children achieving the expected standard in phonics in both year 1 and year 2. Increased percentage of children achieving age related expectations in reading.

## Activity in this academic year

## Part B: Review of the previous academic year

### Outcomes for disadvantaged pupils

Our external data showed:

#### Reading

Key stage 2 attainment of the expected standard (100+) in reading (87%) and the high standard (110+) in reading (33%) was above the national average for 2024 (74%) For Pupil Premium children this stood at 100% for the expected standard and 50% at the high standard.

#### Writing

Key stage 2 attainment of the expected standard in writing was 90% which was significantly above the national average for 2024 (72%) For Pupil Premium children this stood at 100% for the expected standard.

#### Mathematics

Key stage 2 attainment of the expected standard (100+) in maths (90%) and the high standard (110+) in maths (27%) was above the national average for 2024 (73%) For Pupil Premium children this stood at 100% for the expected standard and 50% at the high standard.

#### Other Attainment measures:

In Year 1 60% of children met the threshold in Phonics which includes 0% of PP children (0/4)

In Year 2 93% of children met the threshold in Phonics by the end of the year which includes 100% of PP children (1/1)

#### Wider Impact:

Through a greater engagement in activities around mental health and well-being including the celebration of various national days children are clearer on how to keep themselves mentally healthy as referenced in pupil voice. The vast majority of pupils have a trusted adult in school they would be happy to talk to about any issues.
