September 2021

Dear Prospective Parents/Carers,

Thank you for taking the time to consider St Paulinus C E Primary School as the place for your child to learn and flourish for the next seven years; we understand what an important decision this is and look forward to showing you, through our school website and open days, what our school has to offer.

St Paulinus C E Primary School is a small school with our community at the heart of everything we do. We are proud of the strong relationships that we develop between the school, our families, St Paulinus Church and the wider community. We pride ourselves on how well we get to know our pupils and their individual interests, talents and needs. St Paulinus is an inclusive school that nurtures children's educational, emotional, spiritual and social development.

Our curriculum equips children with the ability to reflect, develop a sense of empathy and self-awareness, and be open-minded, considering new and different perspectives. We prepare our children for diversity in their lives, to be mindful and encourage them to feel unique, yet part of a group.

We are blessed with large school grounds that include a beautiful forest which provides an outdoor space that is rich in learning opportunities. The children's education is also enhanced by the presence of specialist music and sports teachers, and trips out and about to explore our local and wider community.

We view parents as partners in the educational process and appreciate your support in all aspects of school life. Whether you are a new or existing parent please do not hesitate to contact us if you require any additional information about the school.

We hope you find our website useful in providing you with the latest news from the school and help you to understand the experiences we offer to the children. You can also read about our interesting history, our close links with the parish church, the admissions criteria and our most recent Ofsted report.

School Open Days: Come and hear more about our school and take a tour of our school site (no booking required).
